

Morocco Motorcycle Tour 2026 — Emergency & Services

Hospitals, motorcycle/tyre garages and breakdown info along the route. **Save the emergency numbers in every phone before you go.**

⚠ **Phone numbers marked (*verify*) should be reconfirmed on the day** — small-town Moroccan hospital/garage lines change and desert villages have thin online data. The emergency short-numbers below are reliable; when in doubt dial **112**. Numbers shown for domestic dialling; from abroad replace the leading 0 with **+212**.

📞 National emergency numbers (free · 24/7 · any phone)

112	Universal mobile emergency — best default, works on any/foreign SIM
150	SAMU / medical ambulance (a few listings say 141)
15	Protection Civile — fire, road accidents, rescue
19	Police — inside towns/cities (sometimes shown as 190)
177	Gendarmerie Royale — rural roads, highways & desert → your main number outside towns
5050	ADM motorway (autoroute) assistance

📶 In the Atlas and desert, mobile coverage is patchy — **don't assume you always have signal**. On rural roads **177** is the number that answers for accidents/breakdowns.

By town (in route order)

Town (day)	Hospital — phone	Moto / tyre	Notes
Nador (arrival, D1)	Hôpital El Hassani 0536 60 62 33 · large private Hôpital Privé de Nador + polycliniques	Several tyre/ <i>pneu</i> shops (Av. Al Massira, rte Aruit, Beni Ansar) — <i>verify</i>	Biggest medical/repair hub at the start — sort anything major here before heading inland
Guercif (N1)	CHP Guercif 0535 67 60 54	Car garages (Lot Hamzaouia); roadside <i>pneus</i> — <i>verify</i>	Small transit town; bigger help = Taza (W) or back to Nador. Road → 177
Midelt (N2·3·9)	Hôpital Provincial de Midelt 0535 58 23 52	"Mécanique Midelt" + tyre/vulcanisation on the N13 — <i>verify</i>	Classic overland stop; basic mechanics + tyre patch. Major work → Errachidia or Meknès/Fès
Errachidia (D4)	Hôpital Moulay Ali Cherif 0535 57 25 75	Zaki Auto (rte Goulmima) 0535 79 00 38 ; garages on bd Dakhla	Last big hub before the desert — stock up on parts/fuel/cash
Erfoud (near Merzouga)	Hôpital Sghiri Hammani 0535 57 61 99 (<i>verify</i>)	General garages + <i>pneu</i> /vulcanisation (welding, tube repair)	Service hub for the Erg Chebbi zone (fuel, tyres, ATMs). Serious → Errachidia (~80 km N)
Rissani (D5)	Hôpital Sijilmassa 0535 57 50 39 (<i>verify</i>)	Small garages + tyre-patch stalls near the souk	Punctures/quick fixes only; real repairs → Erfoud (~22 km)
Merzouga (N4)	No hospital — health centre only. Nearest: Rissani → Erfoud → Errachidia. Desert emergency: 177 / 150	No formal shop, but enduro/KTM tour operators have workshops & mechanics (Moto Morocco Tours, Merzouga Desert Activities) — best on-the-spot moto help + local recovery	Deep-sand recovery via operators/auberges (4x4), not official towing. Check tyres/fuel in Rissani/Erfoud first
Tinghir (D5, Todra)	Hôpital de Tinghir 0524 83 42 58 (<i>verify</i>)	N10 garages + <i>pneu</i> /vulcanisation	Punctures/basic fixes; moto parts → Ouarzazate (~170 km W)
Boumalne Dadès (N5)	New provincial hospital (emergency + OR) — <i>phone verify</i> ; use 150/177	Small garages/tyre shops on the N10	Bigger hospital + parts: Ouarzazate (~120 km W) or Tinghir (~55 km E). Dadès gorge road has no services
Ouarzazate (D6)	Hôpital Bougafer 0524 88 24 44 / 0524 88 38 39	Best on the loop: tyre shops on Av. Mohammed V & Av. Moulay Rachid + adventure-moto workshops (Sahara Moto Tours, Morocco Enduro Ride)	The place to sort tyres/parts/welding/serious repairs. Next real source = Marrakech (~200 km over the Tichka)
Marrakech (N7)	CHU Mohammed VI (Arrazi, A&E) 0524 30 07 00 · private: Polyclinique du Sud, Guéliz 0524 44 76 19	MIFA Motors (Yamaha) 0524 43 06 56 — best for the Ténéré; Cherko Moto; Smart Auto Moto (tyres)	Best place in the south for tyres, parts & repair — plan tyre changes here, not further south
Beni Mellal (N8)	CHR Beni Mellal (regional) 0523 48 88 48 (<i>verify A&E</i>) · private: Hôpital Privé BM / El Farabi	Centre Pneumatique BM 0523 48 69 50 (car-focused — don't count on big moto tyres)	Regional hospital; for big-bike tyres go Marrakech

Town (day)	Hospital — phone	Moto / tyre	Notes
Khenifra (D9)	Hôpital Provincial de Khenifra 0535 58 65 36	Tyre/vulcanisation on the main road — <i>verify</i>	On the N8; major repair → Beni Mellal (S) or Meknès/Fès (N)

 Tip: search each hospital by name in Google/Apple Maps for live directions, or import the [Morocco waypoints GPX](#) for the towns.

Breakdown & recovery — how it really works

- **There is NO ANWB/AA-style national motorcycle breakdown service** in Morocco. Don't expect a phone-a-tow network.
- **On rural roads the Gendarmerie Royale (177) is the de-facto first responder** — they secure the scene and can summon a local tow (*dépanneuse*) or garage, but they don't repair.
- **Recovery is local & informal:** the nearest town's garage sends a flatbed/pickup — **agree a price up front** (negotiate). Small towns fix small bikes; big-bike expertise/parts are limited.
- **Your real safety net is your own insurance.** Carry your **green card** (extend the Morocco cover at the border/ferry) **and your insurer's international assistance number — written on paper, not only in your phone.** ANWB does not run in-country moto recovery in Morocco; check your policy (ADAC and some international policies do cover Morocco).
- **Be self-sufficient:** tools, tubeless plug/repair kit, mini-compressor or CO₂, spare tube(s) (Ténéré), spare chain link, levers, zip-ties, tape. For a serious mechanical failure, plan to **truck the bike to Marrakech or Casablanca.**

Tyres — the reality for R1250GS & Ténéré 700

- **Don't assume your size is available on the road.** Adventure/knobbly and premium touring sizes for big bikes (GS 19"/17", Ténéré 21"/18") are **scarce outside Marrakech and Casablanca.**
- **Best stock: Casablanca** — BMW Motorrad Maroc **0522 40 07 00** (*verify*) for the GS; MIFA/Yamaha **0522 04 06 50** and shops (ETS Samouh, Motomania) for the Ténéré. **Marrakech** = best in the south. Call ahead to confirm your exact size.
- **Advice:** carry a proper **tubeless repair/plug kit + spare tube(s).** If you run an unusual size, **bring a spare tyre** or pre-arrange one at a Casablanca/Marrakech dealer **before departure.**

Documents to carry (each rider)

Passport · vehicle registration/logbook · driving licence (+ IDP) · **green card valid for Morocco** · **insurer assistance number** · temporary vehicle import (D16ter, from the border) · travel/health insurance details · blood group noted.
Keep paper copies.

Ride within your limits, keep the group together, and carry water. Most "emergencies" on this route are a puncture or a tired bike — a repair kit and 177 cover the rest. Safe travels. 🏍️

Numbers/services gathered from Moroccan directories and operator sites (Aug 2026) — indicative, verify locally.
